Solid Performance

Compact Size with Uncompromised
Speed & Efficiency

Designed for Optimum Efficiency

Up to 47 Pages Per Minute

Designed for high-speed, the bizhub 4702P series of printers output up to 47 A4 pages per minute. Optimize your workflow with devices that are ideal for high-output work situations.

bizhub 4702P

Save on Precious Work Space

There's no need to sacrifice speed or efficiency for a size that fits. The bizhub 4702P series have a footprint of just 399 mm x 374 mm, ensuring these printers will be the perfect fit for your work environment, even if space is limited.

Save Paper with Double-sided Printing

Automatic double-sided printing comes as standard, helping you to save paper on large print jobs.

Need to Store More?

If the standard high-capacity paper tray and 100 sheet manual feed aren't enough for you, you can add up to three additional paper feeding units for a maximum capacity of 2,300 sheets. By sorting paper colours or weights into different trays, you can also avoid the need to change paper types.

Up to
2,300 sheets
(75g/m²)

A Friendly Face

Easy-to-see 2.4 inch LCD Colour Screen

See exactly what you're doing with a 2.4 inch colour display on the control panel. Easily navigate print modes, follow printer guidance and review data when printing direct from a USB memory device (bizhub 4702P only).

Front Access to Toner and Paper

There's no need to move or lift your MFP when it runs out of toner or paper. With front access, you can easily replace toner bottles and quickly replenish paper trays.

A Smart Printer

Black & White from Top to Toe

The signature bizhub black and white finish ensures your workplace will stay looking smart no matter where you choose to install your bizhub printer.

Mobile Printing via Konica Minolta Mobile Print

Print documents or images from your mobile device. Konica Minolta Mobile Print application is available for iPhone, iPad, Android and Windows.

Connect Easily from Windows or Mac

In addition to PCL, which is often used in business environments, the bizhub 4702P series is also compatible with PostScript 3, so it works flawlessly even in environments where Mac and Windows computers are mixed.

Print Direct from USB Memory

Data stored on a USB memory device can be printed directly from the USB port on the front of the bizhub's control panel (bizhub 4702P only). Print from a range of document and image formats including DOCX, PPTX, PDF, JPEG, PNG and TIFF.

* bizhub 4702P

Go Wireless with Optional LAN Connectivity

Install an optional network card to connect bizhub 4702P and 4402P to your office's Wi-Fi network. This way, you can install the printer wherever is convenient for you without the need to install extra LAN cables (Standard for bizhub 3602P).

* bizhub 4702P

Eco Friendly Printing

Save Energy with Eco Mode

Run your office more economically and stay friendly towards the environment with Eco Mode, reducing power usage to around 1.4 W, while also helping you save on paper.

Blend In with Quiet Mode

When you need to keep things quiet in your work environment, enable Quiet Mode to reduce printing and running sounds from your printer. Although Quiet Mode will slow your printer down a small amount, you can continue operating it without the worry of causing unwanted disturbance.

Two Sides on One Page

Consolidate multiple pages onto a single page when printing. Combine this function with double-sided printing to see dramatic paper savings.
